

since 1962

PANTS MEASUREMENTS

LENGTH

Measure from your preferred waist (the top of your belt), down to the side of your leg, to the desired length. (If wearing dress shoes, typically just above the side of the shoes). (-37" - 48")

Your Measurement

WAIST

Measure fully around your waist, where your dress pants sit. (-32" - 42")

Your Measurement

SEAT

Measure around the broadest point on your hips/seat (usually right on the hip bone). (-36 - 48")

Your Measurement

THIGH

Measure fully around one thigh just below the crotch. (-20" -25")

Your Measurement

KNEE

Measure fully around the largest part of your knee. (-14" -18")

Your Measurement

CROTCH

Measure from the center of the front of your waist to the top of your belt, between your legs, to the center of the back of your waist (top of your belt in the back). (-25" -32")

Your Measurement

INSEAM

Measure from the bottom of your crotch to the bottom of your desired trouser length. (If wearing dress shoes, typically just above the side of the shoes). (-33" - 36")

Your Measurement

CUFF CIRCUMFERENCE

Measure the desired circumference of the bottom of your trousers. (-17" 19")

Your Measurement

PREFERRED WAIST

Please indicate where you prefer to wear your trousers in addition to true waist (at/above/below) and measure around that line.
